KEY SOCIETY APPLICATIONS 2026-2027

The Key Society

The Browning Key Society is the School's service organization. Key Society members serve as hosts, ambassadors, and tour guides throughout the year. By assisting at special functions (on and off campus) and giving tours to prospective applicant families, boys have an opportunity to represent Browning at its best. Applications to the Society are solicited from boys in the spring of their 10th Grade year. Boys at the end of their 11th Grade year who are not currently members and would like to be considered for membership may also apply.

1. Please submit a personal statement (500 words or less) touching on the following:

- Why are you applying to the Key Society? What are some personal qualities you possess that would make you a good Key Society member?
- What aspects of Browning are you most proud of? What would you want prospective families to know about Browning?
- How would you manage your time to ensure that you can commit fully to the Key Society?
